

Hello Aditya bhaiya,

Congratulations on your marriage with your beloved life partner and your recent promotion as a product manager!

We know each other because of Coding Ninjas. I haven't told you that I was fortunate enough to be on your team during my tenure. You taught me many life lessons directly or indirectly as like my elder brother. Whenever I need any suggestions and help, always be there with a solution. Thank you for all your support.

I'm happy we are still in contact and have a great understanding. I hope one day we will meet and have a party!!

Wishing you a lifetime of love and happiness :))

Thank you,
Paritosh
